

Spectra Plus

Rises to the occasion

Invacare's Spectra Plus, indoor outdoor power chair, is now available with the much awaited seat riser and seat tilt function. Combined with its high configurability and small footprint, Spectra Plus is one of the only power chairs on the market to incorporate great styling and practical functionality.

Spectra Plus

- Versatile and configurable power chair
- Multi adjustable seat with tilt
- Range of control options
- Choice of frame colours
- Easier standing transfers (seat rise function)
- Improved hoisting transfer (tilt function)
