

Jazzy[®]

SELECT

Loaded with performance and convenience features, like standard Active-Trac Suspension and a convenient off-board battery charger, the Jazzy Select is as easy to enjoy as it is to use. The highly manoeuvrable Jazzy Select delivers the advantages of an all-new, highly efficient motor design that provides a 136 kg (21 stone) weight capacity, enhanced per-charge range, longer battery life and increased power to navigate inclines and uneven terrain*.

**Theoretical range is calculated under test conditions in accordance with European standards. Actual range in normal use will depend on many factors, including the condition of the vehicle and its batteries, the weight of the driver, correct tyre pressures, ambient temperature, and the gradient and surface of the road or pavement.*
