

ICON 4

4-wheel scooter

The all-new Icon Scooter delivers powerful outdoor performance and sleek styling, combined with truly innovative standard features –making it one of the finest scooters available. The Icon offers a top speed of 13 km/h (8 mph) with an "off-road" capability of up to 15 km/h (9.5 mph). It also comes with full front and rear dynamic suspension and an off-board battery charger. The Icon is fitted with a full lighting package that includes an angle-adjustable headlight, which is positioned for better pathway illumination.

The information contained herein is correct at the time of publication; due to the manufacturer's commitment to constant improvement and development, they reserve the right to alter specifications without prior notice.

Theoretical range is calculated under test conditions in accordance with European standards. Actual range in normal use will depend on many factors, including the condition of the vehicle and its batteries, the weight of the driver, correct tyre pressures, ambient temperature, and the gradient and surface of the road or pavement.
