

POWERED SCOOTERS

Strider MINI 4

The **Strider** Mini 4 was designed to provide the highest level of flexibility for both indoor and outdoor driving. Even though the Mini 4 is extremely easy to transport in the car, it's a true performer when it comes to overall driving capabilities. Fitted with 23cm (9") wheels and offering a 130kg (20 stone) weight carrying capacity, coupled with excellent manoeuvrability and a compact overall size, the Mini 4 offers great all round flexibility to suit most everyday environments.

FEATURES AVAILABLE:

- 17ah batteries as standard - Better range per charge – up to 21km (13 miles)
- Rotating, sliding comfort seat - Achieve best driving position & safe entry / exit of scooter
- Auto connecting wireless battery box - No plugs or wires to worry about
- Remote battery box charging with docking station (optional extra) - Charge batteries indoors
- "Grip-Drive" throttle controls - Easier & safer to operate & manoeuvre
- Rear bumper / lifting handle - Protective and easier to lift rear section
- Easy to split 2 piece frame - Easy for storage & transportation
- Alloy wheels as standard - Stylish and robust
- Safety anti-rollback system - No rolling backwards when stopping on hills - Safer & more stable
