

Uno™ 102 EE mobile lift

Ideal for use in homecare and care facilities

Features and benefits

Three variable height settings accommodate a variety of different lifting situations

The **FlexLink** (an extra link arm that increases the distance to the lift mast) **facilitates vertical lifting**, as well as offers greater flexibility when connecting the sling to the slingbar

Manual and electric emergency lowering mechanisms ensure safe operation for caregivers

Optional quick release hook system means caregivers can easily change a sling bar or install a scale

The compact design offers a **greater range of access for lifting** throughout the home and care facilities

An extensive assortment of accessories is available including slings, slingbars and scales

Uno 102 EE mobile lift

Flex link for improved patient positioning

Manual emergency lowering

Hand control
