JAY® Xtreme Active Standard Features

- Active clients requiring moderate to high level pressure redistribution with low seat to floor height
- Symmetrical client requiring mild lateral and moderate forward stability
- JAY Flow Fluid pad set in low profile pelvic well
- Microclimatic, Stretch and Incontinent cover option as standard
- 2 Year guarantee; 6 months on cover

Clinical Application

- Client at moderate to high risk of skin breakdown with fluid pad for active users.
- Pelvic stability with or without thigh alignment to prevent future postural deterioration.
- A low profile cushion to reduce impact of the wheelchair set up.

(1) it is not necessary to order a separate inner cover when you order the leg support kit, as all inner covers are designed to accommodate leg support kits.

(2) When changing from standard to large fluid pad (or vice-versa) you need to order a base assembly. The bases are made either for large or for standard fluid pad and are not interchangeable.
