

Invacare® | Pronto® M41™

New versatile mobility

The *Invacare Pronto M41* is the compact, manoeuvrable indoor chair that also has excellent outdoor driving capabilities. It combines smooth mid-wheel drive and SureStep® suspension to allow an individual to navigate small spaces and offers a great drive with a top speed of 6 km/h. With a choice of seating options the *Pronto M41* is a great versatile chair to suit a range of clients.

Its sleek, stylish, candy red shrouding ensures the *Pronto M41* looks as engaging as its performance. The cross compatibility of a number of options and accessories means the *Pronto M41* fits straight into the expansive Invacare range of mobility products.

Pronto M41 with Cab Seat

Features and Options

Optimum Comfort

Pronto M41 has been designed with SureStep technology to ensure excellent stability and manoeuvrability in the narrowest of places. The tension adjustable backrest is a standard feature with the Standard seat option, and is angle adjustable -10° to 30°. The ability to swivel 90° in either direction allows easy access and this combined with height adjustable armrests, a one piece flip-up

footboard and a standard 50 mm cushion ensures maximum comfort for day long use. The Cab Seat Option with padded back and integral headrest also offers the benefit of flip up armrests for easy transfers. Suitable for indoor and outdoor environments, the **Pronto M41** provides a perfect solution for those clients who are looking for a chair that is extremely comfortable and versatile.

Centre wheel drive

Highly manoeuvrable with centre wheel drive.

SureStep®

Maximum stability and safety with the **SureStep** feature.

Cab Seat with Flip up Armrests

For ease of transfer the armrest of the **Pronto M41** with cabseat flips up and down easily.

Tension adjustable backrest

Velcro adjustable backrest for individual support.
