

Rea *Azalea Minor* - designed for petite adults and teenagers

The Rea ***Azalea Minor*** is designed for people that require a seat that has a smaller depth and width. Adapted from the Rea ***Azalea***, the ***Azalea Minor*** boasts all the advantages of a reliable, tilt-able wheelchair with its special weight-shifting mechanism. This model is ideal for all individuals that require a solid, stable wheelchair. Available in Pearl Grey or Azurite Blue frame colours and tension adjustable backrest option.

Features and Options

Rea Azalea compatibility continues

Rea **Azalea Minor** is designed for people that need a smaller-sized seat, such as petite adults or teenagers. One of the key features of **Azalea Minor** is the 'Tilt in Space' weight-shifting mechanism, which ensures a stable tilt and makes manoeuvring easier. As with all the **Azalea** models, the width and depth of the **Azalea Minor** can be adjusted to suit individual needs.

Tension adjustable backrest

The tension adjustable backrest offers individual shaping with the choice of backrest cushions or lateral cover.

Tension adjustable backrest

A new adjustable height back option, which is as wide as the seat.

Table tray

Is transparent and the rail offers gripping opportunities for posture solutions.

Shorter Chair

The chassis is 30 mm shorter, the seat depth is 50 mm shorter and the backrest 100 mm lower than on standard models.

For other Rea **Azalea** accessories, please consult the Rea **Azalea** brochure
