## 900TIS Adult Tilt in Space Cradle

REF: 900TISA

The 900 is the most supportive of our range with its full mesh cover ideal for clients with very low level of sitting balance or poor muscle tone. With a full seamless mesh the cradle is fully adaptable and can be moulded to suit the user's needs.

Designed with safety and comfort, our easy tilt recline mechanism puts both the carer and client at ease throughout their Tilt in Space experience.

### The standard cradle comes with:

- Full stainless steel frame
- Adjustable headrest & mesh cover
- Adjustable footrest with rubber moulded pad
- A choice of 2 meshes – full or aperture
- Adjustable height 5" braked castor
- 15 year frame warranty - 2 year parts warranty
- 150kg safe working load
- Colour coded size identification strap

All mesh items can be easily removed and laundered to keep your chair clean and comfortable.

\* Please see pages 18 and 19 for Tilt in Space optional extras

## 981TIS Adult Tilt in Space Chair

REF: 981TISA

Offering comfort and safety, the 981 is the perfect choice for those clients who need a little extra support when seated. The Tilt in Space Chair is highly adaptable and can be moulded to suit the user's needs perfectly. The 981 can also be used with a Geberit and other wash dry toilets.

Designed for safety and comfort, our easy-tilt recline mechanism puts both the carer and client at ease throughout their Tilt in Space experience.

### The standard chair comes with:

- Full stainless steel frame
- Adjustable headrest & mesh cover
- Adjustable footrest with rubber moulded pad & mesh calf strap
- A choice of 3 seats – flexi, horseshoe or toilet
- Adjustable height 5" braked castors
- Mesh backrest
- 15 year frame warranty - 2 year parts warranty
- 150kg safe working load
- Colour coded size identification strap

All mesh items can be easily removed and laundered to keep your chair clean and comfortable.

To ensure full wash dry toilet compatibility please select a seat complete with a skirt from page 18.

## 900TIS Petite Tilt in Space Cradle

REF: 900TISP

The 900 Petite has been designed as a smaller alternative to the 900 Adult with all the supportive benefits that the adult has to offer. Its seamless mesh cover acts as a hammock adapting to the user's position and shape.

With our easy-tilt function the client can be reclined in a smooth and safe action.

### The standard cradle comes with:

- Full stainless steel frame
- Adjustable headrest & mesh cover
- Adjustable footrest with rubber moulded pad
- A choice of 2 meshes – full or aperture
- 15 year frame warranty - 2 year parts warranty
- 150kg safe working load

## 981TIS Petite Tilt in Space Chair

REF: 981TISP

The 981 Petite has been designed as a smaller alternative to the Adult 981.

The 981P can be used with the Geberit and other wash dry toilets.

Designed with adaptability in mind the Petite 981 can be moulded to suit the user where necessary. With the easy-tilt mechanism the user can be reclined smoothly and safely.

### The standard chair comes with:

- Full stainless steel frame
- Adjustable headrest & mesh cover
- Adjustable footrest with rubber moulded pad & mesh calf strap
- A choice of 3 seats – flexi, horseshoe and toilet
- Adjustable height 5" braked castors
- Mesh backrest
- 15 year frame warranty - 2 year parts warranty
- 150kg safe working load
- Colour coded size identification strap

All mesh items can be easily removed and laundered to keep your chair clean and comfortable.

To ensure full wash dry toilet compatibility please select a seat complete with a skirt from page 18.

## 900TISE Adult Electric Tilt In Space Cradle

REF: 900TISE

The Electric version of our classic Tilt in Space Cradle comes with all the standard features you'd expect with the added benefit of a battery operated tilt system. The smooth, silent action takes the user slowly and safely to their preferred level of recline and can be controlled by the user or carer. The Electric version is versatile and works well with one carer plans, users who prefer independence when washing, in tight spaces where a carer might not have room to manually tilt or for heavier users.

### The standard versions come with:

- Full stainless steel frame
- Adjustable headrest & cover
- Adjustable footrest & rubber moulded pad
- Adjustable height 5" braked castors
- Full electric pack including separate charging station
- Choice of meshes - full or aperture
- 15 year frame warranty - 2 year parts warranty
- 190kg safe working load
- IP66 Rating
- Colour coded size identification strap

All mesh items can be easily removed and laundered to keep your chair clean and comfortable.

## 900TIS Infant Tilt in Space Cradle

REF: 900IN

The Infant 900 is the smallest in our Tilt in Space range. Offering comfort and peace of mind, it is a perfect alternative to a standard shower chair for those users who might benefit from the greater support offered by the mesh and the safety and comfort of the tilt function.

Designed with our easy-tilt mechanism the user can be reclined smoothly and safely.

### The standard cradle comes with:

- Full stainless steel frame
- Adjustable headrest & mesh cover
- Adjustable footrest with rubber moulded pad
- Choice of 2 meshes – full or aperture
- Adjustable height 5" braked castors

**Flexi Seat:** The flexi seat is our standard issue seat, developed in conjunction with the OT's at Southport spinal injuries unit. With an adjustable aperture and rubber moulded contoured surface the Flexi offers comfort and support to all users.

**Horseshoe Seat:** A fully padded vinyl covered seat, offering the user comfort and support with the added benefit of a front opening for better access.

**Toilet Seat:** A fully padded vinyl covered seat with a completely closed in front aperture. Evenly distributed padding offers comfort and support to the user.

**Horseshoe Seat with Skirt:** Padded horseshoe seat with the added benefit of a fixed skirt, essential for use with all wash dry toilets including Geberit. Also available in Toilet Seat Style.

**Full Seat:** A fully covered padded vinyl seat with no aperture - perfect when the chair is only being used for showering without the need for a toileting aperture.

**Gel Horseshoe Seat:** The Gel seat helps to distribute the users weight when using the chair. Also available in Toilet & Full styles with or without a skirt.

**Neoprene Harness:** Padding provides comfort and support at the shoulders and hips while sitting comfortable across the chest.

**Ankle Huggers:** Designed to aid the positioning of the user's feet - a brilliant alternative to foot and heel straps.

**Neoprene Strap:** Highly versatile multi use soft neoprene strap can be used to aid positioning and comfort in any chair.

**Neoprene Lap Strap:** Two point soft neoprene lap strap for comfortable safe positioning while sat in the chair.

**Lapstrap:** Our standard lap strap, two point frame attachment helps keep the user secure and comfortable while in the chair.

**Groin Strap:** Made of soft spacer fabric, two separate leg sections hold the user in place and prevent slippage.

**Anti Tip Bars:** These bars retro-fit to our self propelled chairs to give the user peace of mind.

**Wedges:** Highly versatile the wedges can be used to support the head or as thoracic supports.

**Commode Pan:** Our standard issue commode pan comes complete with sliders and lid and can be fitted to any chair with a solid seat.

**P Guard:** Acts as an anti splash device on a toilet seat.

**Moulded Headrest:** Supports the users head by moulding to their unique shape.

**Heel Strap:** Fits to the individual footplate and prevents the foot from slipping backwards.

**Gel Leg Protectors:** Adds cushioning around the stems of the footrest.

**Commode Straps:** To be used with the commode pan when using a chair over a Geberit wash dry toilet.

# WheelAble Folding Shower Chair

## WheelAble Folding Shower Chair

Ref: WheelAble

The WheelAble is the must have travel companion for the 21st century. Whether it's a weekend away or a longhaul flight to far destinations it'll be there.

Lightweight and compact the WheelAble is made of strong moulded plastics designed to to be folded away in six super simple steps.

### The standard chair comes with:

- Solid plastic frame with stainless steel components
- Built in self propelled wheels

Snugfit<sup>®</sup>  
SLINGS

**The Deluxe Sling**  
**Ref: DS**

## The Deluxe Sling

Ref: DS

The Deluxe Sling is our most popular style of sling, providing excellent levels of comfort and support whilst being easy to take on and off.

Designed with slide sheet material in the leg sections the Deluxe can be fitted quickly to avoid any user discomfort.

- **Available in both loop and clip versions to suit most hoists**
- **Available in 9 sizes**
- **All paediatric sizes come with a chest band as standard**
- **Colour coded binding to differentiate between sizes**
- **200kg - 350kg safe working load**

The Deluxe comes in polyester as standard but is also available in:

- Spacer Fabric
- Superlite
- Lite
- Mesh

All Snugfit Slings come with a 2 year warranty and lifetime traceability.

Also available with the **Plus strap** option. Plus straps give more room around the inner thighs, groin and stomach and can increase comfort levels where more room is required.

## The Inseat Sling

Ref: IS

The Inseat Sling is the perfect choice when the sling needs to be left in place for long periods of time and provides air flow and permeability to help reduce sweating. It has been designed to be as discreet as possible and comes with pockets to tuck away any loose straps.

- Available in 9 sizes
- Paediatric sizes come with a chest band as standard
- Safety pommel as standard
- Available in Split Leg design
- Loop or clip fixings available
- Colour options available
- 200kg - 350kg safe working load

The Inseat comes in padded towelling as standard but is also available in:

- Spacer Fabric
- Superlite
- Lite

All Snugfit Slings come with a 2 year warranty and lifetime traceability.

The Inseat Sling  
Ref: IS

## The Deluxe Comfort Sling

Ref: DCS

### The Deluxe Comfort Sling

Ref: DCS

The Deluxe Comfort Sling offers additional levels of comfort and support over and above that of the Deluxe Sling. The sling is designed for those clients who, due to their posterior and thigh aspects, might otherwise struggle to fit a standard sling.

Designed with slide sheet material in the leg sections the Deluxe Comfort can be fitted quickly to avoid any user discomfort.

- **Available in 9 sizes**
- **Colour coded binding to differentiate size ranges**
- **Loop and clip fixings available**
- **200kg - 350kg safe working load**

The Deluxe Comfort comes in polyester as standard but is also available in:

- Spacer Fabric
- Superlite
- Lite
- Mesh

All Snugfit Slings come with a 2 year warranty and lifetime traceability.

Also available with the **Plus strap** option. Plus straps give more room around the inner thighs, groin and stomach and can increase comfort levels where more room is required.

## The Bathing Sling

Ref: BS

The Bathing sling is based on the Deluxe sling, its split leg design with large aperture allows for easy access when washing. The thin unpadded bathing material dries much quicker than a standard padded sling.

- Available in 9 sizes
- Colour coded binding to differentiate size ranges
- Loop and clip fixings available
- 200kg - 350kg safe working load

The Bathing Sling is available in polyester as standard but is also available in:  
• Mesh

Also available with the **Plus strap** option. Plus straps give more room around the inner thighs, groin and stomach and can increase comfort levels where more room is required.

All Snugfit Slings come with a 2 year warranty and lifetime traceability. This can be found on the back of your sling and includes the safe working load, serial number and the manufacturer's contact number.

## The Cressy Sling Ref: CS

### The Cressy Sling

Ref: CS

The Cressy sling is based on the Deluxe style and comes complete with an integral neck support. The padded legs with slide sheet material make the Cressy Sling easy to fit and comfortable to use.

The counterpoise straps are easy to use and are designed to be of particular benefit to clients who are prone to spasm while in the sling.

- **Available in 9 sizes**
- **Colour coded binding to differentiate size ranges**
- **Paediatric Sizes come with a chest band as standard**
- **Colour coded leg loops to ensure accurate fitting records can be kept in a care plan**
- **Removable padded neck roll**
- **200kg - 350kg safe working load**

The Cressy comes in polyester as standard but is also available in:

- Spacer Fabric
- Superlite
- Lite
- Mesh

Also available with the **Plus strap** option. Plus straps give more room around the inner thighs, groin and stomach and can increase comfort levels where more room is required.

All Snugfit Slings come with a 2 year warranty and lifetime traceability.

## The Flexi Sling

Ref: FS

The Flexi Sling is designed for use with clients who are prone to extensor spasm or any kind of involuntary movement. The loop strap system allows the sling to move, finding its own centre of gravity stopping it from sliding up between the legs and helping the sling retain its shape. The Flexi sling has slide sheet technology in the back and legs for easier fitting and positioning.

- **Available in 9 sizes**
- **Colour coded binding to indicate size ranges**
- **Paediatric sizes come with a chest band as standard**
- **Colour coded leg loops ensure accurate fitting records can be kept in a care plan**
- **200kg - 350kg safe working load**

The Flexi comes in polyester as standard but is also available in:

- Spacer Fabric
- Superlite
- Lite
- Mesh

Also available with the **Plus strap** option. Plus straps give more room around the inner thighs, groin and stomach and can increase comfort levels where more room is required.

All Snugfit Slings come with a 2 year warranty and lifetime traceability.

## The Universal Sling

Ref: US

## The Universal Sling

Ref: US

The Universal Sling is a popular design chosen for small adults and children to aid quick and easy transfers. Its full body split leg design offers high levels of support and ease of toileting.

- Available in 9 sizes
- Colour coded binding to differentiate size ranges
- Colour coded leg loops to ensure accurate fitting records can be kept in a care plan.
- 200kg - 350kg safe working load

The Universal comes in polyester as standard but is also available in:

- Spacer Fabric
- Superlite
- Lite
- Mesh

TEL 01869 252015  
SWL 200KG  
S/N 142924

All Snugfit Slings come with a 2 year warranty and lifetime traceability. This can be found on the back of your sling and includes the safe working load, serial number and the manufacturer's contact number.

## The Toileting and Transfer Sling

Ref: TTS

The Toileting and Transfer Sling is designed to offer quick and easy access for the adjustment of clothing and quick fitting for toilet transfers. Fitted with the arms inside, the sling cannot ride up under the arms causing discomfort which means it is suitable for a wider range of clients.

- Available in 7 sizes
- Available in 2 styles - one piece or two piece
- Optional detachable legs feature for ease of washing
- Chest band as standard
- Colour coded leg loops to ensure accurate fitting records can be kept in a care plan
- Available as a fixed leg version
- 200kg - 350kg safe working load

The Toileting & Transfer Sling comes as standard in polyester and padded terry towelling.

All Snugfit Slings come with a 2 year warranty and lifetime traceability.

## The Hygeenie Sling Ref: HYG

### The Hygeenie Sling

Ref: HYG

The Hygeenie Sling was designed as an alternative to the standard Toileting sling. It was developed in house by our team of specialists to support the person in the sling without pulling under the arms and offers plenty of access for personal care.

- Available In 9 sizes
- Colour coded binding to differentiate size ranges
- Colour coded leg loops to ensure accurate fitting records can be kept in a care plan
- Loop and clip fixings available
- Wipe clean and water resistant material
- Colour options available
- 200kg - 350kg safe working load

The Hygeenie sling is only available in the standard water resistant polyester.

All Snugfit Slings come with a 2 year warranty and lifetime traceability.

## The Valet Sling

Ref: VS

The Valet Sling has been designed for maximum comfort, ease of use and toileting efficiency. The unique design of the Valet Sling allows carers to adjust clothing easily while the client remains in the sling, reducing the need for multiple transfers.

- Available in 9 sizes
- Colour coded binding to differentiate size ranges
- Colour coded leg loops to ensure accurate fitting records can be kept in a care plan
- Loop and clip fixings available
- Can be incorporated into various different sling styles
- 200kg - 350kg safe working load

The Valet Sling comes in polyester as standard but is available in:

- Spacer Fabric
- Superlite
- Lite
- Mesh

All Snugfit Slings come with a 2 year warranty and lifetime traceability.

Also available with the **Plus strap** option. Plus straps give more room around the inner thighs, groin and stomach and can increase comfort levels where more room is required.

# Osprey Sling Company Compatibility Statement

## Sling & Hoist Compatibility Statement

The Osprey Sling Company makes slings for many hoist manufacturers, both in the UK and for leading European companies. Interchanging slings has been an issue for many professionals over the years and this is an understandable concern with the vast variety of both hoists and slings available.

There may be reluctance by certain hoist manufacturers to accept the compatibility of other slings with their hoists, however, British and European standards BSEN10535, suggests that compatibility between hoists and slings is the responsibility of the sling manufacturer.

## Quality Standards

The Osprey Sling Company works within the requirements of the Medical Devices Directive. The requirements are that The Osprey Sling Company can produce documented evidence in line with Medical Device Directive 93/42EEC, to prove that they have tested all configurations of their slings in durability and fatigue on all potential hoists being used.

All of our slings have been tested beyond the requirements set out in BS EN ISO 10535:1998, by a leading name in the industry and carry the CE Mark.

## Public & Products Liability

Our Insurers provide us with Public and Products liability cover to the sum of two million pounds in respect of injury or damage in the use of slings supplied by our company.

Full insurance certificates are available on request.

## Hoists

Slings supplied by the Osprey Sling Company have been tested and meet the requirements on the following hoists with a standard loop fitting coat hanger or 'T' Spreader bar arrangement:

Oxford	Molift	Liko	Medi-Tec
Lifetech	Guldmann	Chiltern	Westholme/ Freeway
H.N.E.	Invacare	Ergolet	Porta
Wessex	Days		

Should the hoist you are working with not appear on the list, please contact us and we will be happy to carry out an assessment of compatibility.

## Tailored Slings

Osprey Sling Company has an experienced team of professionals designing our product range. If our standard range doesn't suit your client or their situation then we are happy to produce bespoke tailored slings to suit your needs.

# The Snugfit Sling Sizing Guide

Adult	Height / cm	Girth / cm	Size	Colour Band
A1	150 - 170	75 - 90	Small	Red

Child	Height / cm	Girth / cm	Size	Colour Band
C1	105 - 125	55 - 70	Small	Red
C2	125 - 145	65 - 80	Medium	Yellow
C3	145 - 155	70 - 85	Large	Green

## Electric Shower Trolley

Ref: 155030/17 /19 /21

The Electric Shower Trolley enables easy care and bathing of patients thanks to its dynamic design and functionality.

The electronic adjustment allows for a smooth transition for patients and less strenuous activity for carers. Using independently operated pillars the trolley is able to achieve trendelenburg and anti-trendelenburg positions.

**The standard electric trolley is available in 3 sizes and includes:**

- Coated drop down safety rails
- Extendable flexi drain pipe
- Vinyl mattress and pillow
- Castors with a central brake locking system
- Battery and charger
- 12 month warranty
- 200kg safe working load

The 1700 and 1900 are now available with the option of an 800mm extra wide top and a 300kg safe working load.

Padded rail covers are also available as an optional extra

External Width	750/ 850	30/ 34

## Hydraulic Shower Trolley

Ref: 15000/ 17/ 19/ 21

The Hydraulic Shower Trolley combines modern technology and design to enable easy bathing for both patients and carers. Adjustable in height by means of an easy to use foot pedal and hydraulic cylinder the optimum height for both the patient and carer can be easily achieved.

A function unique to the Hydraulic is its side folding top which helps with cleaning and maintenance.

**The standard trolley is available in 3 sizes and comes with:**

- **Coated drop down safety rails**
- **Extendable flexi drain pipe**
- **Vinyl mattress and pillow**
- **Castors with central locking brake system**
- **12 month warranty**
- **230kg safe working load**

Padded rail covers and the adjustable backrest are available as an optional extra.

	mm	Inches

## Changing Plinth

Ref: 114510/ 17/ 19/ 21 or 144510E/ 17/ 19/ 21

The Changing Plinth is designed for ease of use, comfort and patient safety.

The wipe clean padded top comes with an adjustable

backrest that can be easily altered to suit the clients needs.

The Plinth can be adjusted in height by either a foot pedal with a pump action or an electric adjustment.

The Changing Plinth is durable enough for multi-use situations whilst retaining its attractive appearance that wouldn't be out of place in any residential bathroom, care facility or hospital.

### The standard plinth comes with:

- Coated drop down safety rails
- Soft padded top section with adjustable backrest
- Braked castors with central brake locking system
- 12 month warranty
- 230kg safe working load (hydraulic) 200kg (electric)
- Range of colours
- Paper roll holder
- Electric pack (Electric Only)

Padded rail covers are also available as an optional extra.

Please note - The Electric Plinth requires a plug socket for height adjustment. Item needs to be plugged in before use.

### Available in a range of colours

• Electric Version

	mm	Inches
Length	1700/ 1900/ 2100	67/ 75/ 83
Width	700	28
Height Adjustment	500 - 890	20 - 35

## Wall Mounted Shower Stretcher

Ref: 155040/ 17/ 19

The Wall Mounted Shower Stretcher is designed to help carers bathe and shower patients as easily as possible. The platform can be raised and lowered simply by using the hand control to reach the perfect height for all transfers.

The platform also folds neatly up against the wall, saving space in even the smallest bathroom.

### The standard stretcher comes with:

- Coated drop down safety rail
- Wipe clean mattress and pillow with adjustable backrest
- Battery and charging station
- No need for an expensive fuse spare
- 200kg safe working load
- 12 month warranty

For extra peace of mind safety straps are also available to secure the stretcher top into place when folded away.

Padded rail covers are available as an optional extra.

	mm	Inches
Length of Stretcher	1700/ 1900	67/ 75
Width of Stretcher	700	28
Height Adjustment	450 - 850	18 - 34
Overall Depth	1000	39
Depth When Folded	500	20

### Available in blue or grey

• Colour Selection

• Fold Up Function

## Wall Mounted Changing Plinth

Ref: 155140/ 17/ 19

The Wall Mounted Changing Plinth is designed to make the fitting and changing of clothes as easy and stress free as possible for patients and carers.

Its soft padded top can be folded up to save valuable space in the bathroom or bedroom.

### The standard wall mounted plinth comes with:

- Coated drop down safety rails
- Padded top section
- Battery and charging station
- No need for an expensive fuse spare
- 200kg safe working load
- 12 month warranty

For extra peace of mind safety straps are also available to secure the stretcher top into place when folded away.

Padded rail covers are available as an optional extra.
