

- 4.1) Possible only in combination with maximum load capacity \leq 140 kg
- 6.0) Possible only in combination with modular Recaro seating system
- 6.1) Mandatory information in combination with modular Recaro seating system
- 8.0) Possible only in combination with standard seat, VAS or Recaro n-Joy-Plus
- 8.1) Mandatory information in combination with standard seat, VAS or Recaro n-Joy-Plus
- 8.2) See table "seat depth" (490E75=0-Sitztiefe)
- 8.3) Not possible in conjunction with the combination of maximum load capacity \geq 75 kg and standard seat, Junior
- 8.4) Not possible in conjunction with the combination of maximum load capacity \geq 75 kg and standard seat, Junior or standard seat, small or VAS
- 8.5) Not possible in conjunction with the combination of maximum load capacity \geq 100 kg and standard seat, Junior or standard seat, small or VAS
- 8.6) Not possible in conjunction with the combination of maximum load capacity \geq 100 kg and standard seat, small or standard seat, large or standard seat, XL or VAS
- 9.0) Possible only in combination with standard seat or VAS
- 9.1) Mandatory information in combination with standard seat or VAS
- 9.2) See table "seat width" (490E75=0-Sitzbreite)
- 10.1) Cannot be combined with Recaro n-Joy, Recaro n-Joy-Plus or modular Recaro seating system
- 11.1) Possible only in combination with maximum load capacity \leq 150 kg
- 11.2) See table "seat cushion Terra, Terra Aquos" (490E75=0-Terra_T-Aquos)
- 11.3) See table "seat cushion Terra-Flair" (490E75=0-Terra-Flair)
- 11.4) See table "seat cushion Z-Flow" (490E75=0-Z-Flow)
- 11.5) See table "seat cushion Cloud" (490E75=0-Cloud)
- 11.6) Possible only in combination with maximum load capacity \leq 125 kg
- 11.7) See table "seat cushion Advantage" (490E75=0-Advantage)
- 11.8) Cannot be combined with standard seat, Junior
- 11.9) Not possible in conjunction with the combination of VAS an seat width 38 cm, 42 cm, 46 cm, 48 cm, 52 cm oder 56 cm
- 11.10) Not possible in conjunction with the combination of VAS, seat width 40 cm and seat depth 48 cm, 50 cm, 52 cm, 54 cm oder 56 cm
- 11.11) Not possible in conjunction with the combination of VAS, seat width 44 cm or 50 cm or 54 cm und seat depth 38 cm or 40 cm
- 11.12) Cannot be combined with seat depth 58 cm
- 12.0) Possible only in combination with seat cushion with flat or deep contours
- 12.1) Mandatory information in combination with seat cushion with flat or deep contours
- 13.1) Possible only in combination with maximum load capacity \leq 113 kg
- 13.2) Possible only in combination with VAS
- 13.3) Cannot be combined with seath width 54 cm
- 14.0) Possible only in combination with back cushion with flat or deep contours

- 14.1) Mandatory information in combination with back cushion with flat or deep contours
- 15.1) Possible only in combination with back cushion with deep contours
- 16.0) Possible only in combination with ADI aluminium flat top back
- 16.1) Mandatory information in combination with ADI aluminium flat top back
- 19.1) Cannot be combined with Front Wheel Drive
- 19.2) Not possible in conjunction with the combination of Rear Wheel Drive and VAS
- 20.0) Possible only with seat inclination 0°
- 21.0) Seat height \geq lower leg length +3 cm
- 21.1) Cannot be combined with VAS
- 21.2) Not possible in conjunction with the combination of Front Wheel Drive, chassis, size 1 and standard seat, large
- 21.3) Not possible in conjunction with the combination of Front Wheel Drive and standard seat, XL
- 21.4) Not possible in conjunction with the combination of Rear Wheel Drive and standard seat
- 21.5) Cannot be combined with seat tilt 45°
- 21.6) Not possible in conjunction with the combination of seat height adjustment up to 35 cm or seat height adjustment up to 35 cm with seat tilt 45°
- 21.7) Not possible in conjunction with the combination of Rear Wheel Drive, standard seat, large or standard seat, XL and seat inclination -3°
- 21.8) Not possible in conjunction with the combination of standard seat, Recaro n-Joy, Recaro n-Joy-Plus or modular Recaro seating system and unselected seat tilt 45°
- 24.0) Possible only in combination with head/neck support mounting kit
- 24.1) Mandatory information in combination with head/neck support mounting kit
- 25.0) Mandatory information in combination with category B
- 25.1) Possible only in combination with Recaro n-Joy or Recaro n-Joy-Plus or modular Recaro seating system
- 28.1) Possible only in combination with selected lower leg length
- 28.2) Not possible in conjunction with the combination of standard seat or VAS and lower leg length < 21 cm
- 28.3) Not possible in conjunction with the combination of maximum load capacity > 90 kg and standard seat and lower leg length < 28 cm
- 28.4) Not possible in conjunction with the combination of maximum load capacity > 90 kg and VAS and lower leg length < 27 cm
- 28.5) Not possible in conjunction with the combination of maximum load capacity > 90 kg and Recaro n-Joy, Recaro n-Joy-Plus or modular Recaro seating system and lower leg length < 21 cm
- 28.6) Not possible in conjunction with the combination of Rear Wheel Drive, chassis, size 2, standard seat, small and seat height 43 cm
- 28.7) Not possible in conjunction with the combination of Rear Wheel Drive, chassis, size 2, standard seat, small, seat inclination -3° and seat height 43 cm

- 28.8) Not possible in conjunction with selected lower leg length
- 29.0) Cannot be combined with leg support adjustment, without
- 29.1) Mandatory information in combination with leg support adjustment, standard, mechanically elevating or electrically elevating
- 29.2) Not possible in conjunction with the combination of standard seat and lower leg length < 25 cm
- 29.3) Not possible in conjunction with the combination of VAS and lower leg length < 24 cm
- 29.4) Not possible in conjunction with the combination of Recaro n-Joy, Recaro n-Joy-Plus or modular Recaro seating system and lower leg length < 18 cm
- 29.6) Cannot be combined with leg support adjustment, mechanically elevating or electrically elevating
- 29.7) Not possible in conjunction with the combination of standard seat or VAS and lower leg length < 17 cm and leg support adjustment, standard
- 29.8) Not possible in conjunction with the combination of maximum load capacity > 90 kg and standard seat or VAS and lower leg length < 24 cm and leg support adjustment, standard
- 29.9) Not possible in conjunction with the combination of maximum load capacity > 90 kg and Recaro n-Joy, Recaro n-Joy-Plus or modular Recaro seating system and lower leg length < 17 cm and leg support adjustment, standard
- 29.10) Cannot be combined with leg support adjustment, mechanically elevating or electrically elevating, separate controllable
- 30.1) Possible only in combination with leg support adjustment, mechanically or electrically elevating
- 31.1) Possible only in combination with chassis, size 2
- 32.1) Possible only in combination with batteries, AGM 53Ah (C5)
- 37.1) Possible only in combination with tyre colour, grey
- 39.1) Mandatory information in combination with Front Wheel Drive (derivation)
- 39.2) Not possible in conjunction with the combination of Rear Wheel Drive, VAS and seat height 43 cm
- 40.1) Possible only in conjunction with the combination of splash guard for rear wheels and splash guard for caster wheels
- 40.2) Possible only in combination with splash guard for caster wheels
- 42.1) Cannot be combined with therapy tray
- 42.2) Cannot be combined with rearview mirror
- 43.0) Possible only in combination with external power supply, mounting side right
- 43.1) Mandatory information in combination with external power supply, mounting side right
- 44.0) Possible only in combination with external power supply, mounting side left
- 44.1) Mandatory information in combination with external power supply, mounting side left
- 44.2) Cannot be combined with socket for external power supply, right, 12V or 24V
- 45.1) Cannot be combined with electric functions
- 45.2) Possible only in combination with total weight <= 260 kg

- 45.3) Possible only in combination with max. 2 electric functions
- 45.4) Possible only in combination with total weight <= 320 kg
- 45.5) Possible only in combination with Rear Wheel Drive or in conjunction with the combination of Front Wheel Drive and splash guard for caster wheels
- 45.6) Cannot be combined with lighting acc.to German StVZO
- 46.0) Possible only in combination with control unit, TEN°
- 46.1) Mandatory information in combination with control unit, TEN°
- 47.0) Possible only in combination with control panel, TEN°, colour selectable
- 47.1) Mandatory information in combination with control panel, TEN°, colour selectable
- 49.1) Possible only in combination with control unit, VR2
- 53.0) Possible only in combination with Omni Module
- 53.1) Mandatory information in combination with Omni Module
- 55.0) Possible only in combination with button control
- 55.1) Mandatory information in combination with button control
- 56.0) Mandatory information in combination with number of button for button control = 1, 3, 4
- 56.1) Possible only in combination with number of button for button control = 1, 3, 4
- 57.0) Cannot be combined with spezial controls with Omni Module
Possible only in combination with special controls with Omni Module - Micro Joystick, Multi Joystick, All-round Joystick light or special controls - Micro Joystick, Multi Joystick, All-round Joystick light, All-round Joystick, All-round Heavy Duty Joystick
- 58.0) Mandatory information in combination with special controls with Omni Module - Micro Joystick, Multi Joystick, All-round Joystick light or special controls - Micro Joystick, Multi Joystick, All-round Joystick light, All-round Joystick, All-round Heavy Duty Joystick
- 58.1) Cannot be combined with special controls - All-round Joystick or All-round Heavy Duty Joystick
- 58.2) Not possible in conjunction with the combination of standard seat and head/neck support mounting kit Rock-n-Lock or Rock-n-Lock, Flip Down
- 58.3) Mandatory information in conjunction with the combination of control unit, TEN° (90A) and > 1 electric function or control unit, TEN° (120A) and >= 1 electric function
- 59.0) Mandatory information in conjunction with the combination of lighting acc.to German StVZO and control unit, TEN°
- 59.1) Possible only in combination with Input/Output Module
- 60.1) Possible only in combination with attendant control
- 61.0) Mandatory information in combination with attendant control
- 61.1) Not possible in conjunction with the combination of Germany as the country of destination and category B
- 63.1) Mandatory information in conjunction with the combination of Front Wheel Drive and control unit, VR2 or Front Wheel Drive and control unit, TEN°
- 64.0)

- 64.1) Not possible in conjunction with the combination of Front Wheel Drive and control unit, TEN°
- 64.2) Not possible in conjunction with the combination of Front Wheel Drive and control unit, VR2
- 66.1) For Germany as the country of destination, this is possible only in conjunction with the combination of rear warning sign and lighting acc. to German StVZO
- 66.3) Possible only in combination with drive unit, High Performance
- 66.4) Possible only in combination with control unit, TEN° (120A)
- 67.0) Possible only in conjunction with the combination of Germany as the country of destination and speed > 6 km/h
- 67.1) Mandatory information in conjunction with the combination of Germany as the country of destination and speed > 6 km/h
- 69.0) Possible only in combination with additional instructions for use, qualified personnel
- 69.1) Mandatory information in combination with additional instructions for use, qualified personnel
- 70.0) Possible only in combination with additional instructions for use, user
- 70.1) Mandatory information in combination with additional instructions for use, user
- 71.1) Theoretical total weight (without special requests) = sum of the selected characteristic value weights
- 72.0) Mandatory information in combination with number of button for button control = 3, 4
- 72.1) Possible only in combination with number of button for button control = 3, 4
- 74.0) Mandatory information in combination with number of button for button control = 4
- 74.1) Possible only in combination with number of button for button control = 4
