Personalise Your Way

Customise your S800 by Scoozy with a range of premium upgrades and high-quality third-party accessories.

KLIckfix Adapter

Allowing you to add a variety of KLIckfix accessories including baskets and racks.

Rear Review Mirror

Black plastic mirror for left or right-hand assembly, 105mm in size.

Detachable Basket

The KLIckfix Lamello 18L basket provides easy access and a secure place for your belongings.

RAM Mount Phone

The RAM Mounts U-Bolt phone holder secures your device to the front bar with an easy-click X-grip.

Luggage Rack**

KLIckfix racks attach at two heights with adjustable hooks, straps, and a reflective buckle for secure luggage.

Fabric Basket**

Add color with the KLIckfix Reiselthel basket, featuring pockets, a drawstring, and KLIckfix compatibility.

Dog Basket**

The KLIckfix Doggy is a handlebar bag for pets up to 5 kg, featuring a carrying handle, reflector, and mesh compartments.

Windshield**

The Polisport windscreen fits the S800 by Scoozy front bar, offering wind and rain protection***.

*Range depends on the ground surface, the weight of the rider, driving behaviour, temperature and terrain.

**Ordered through 3rd party suppliers only.

***The KLIckfix adapter with basket will not fit together with the windscreen.

Key Features

A Scooter Like No Other

Crafted for those who dare to redefine their journey, this scooter boasts a sleek, futuristic silhouette, clean lines, and premium finishes. Its streamlined body and subtle curves turn heads at every corner, offering a ride that's as stylish as it is advanced.

Grip That Keeps You in Control

Navigate nature trails, urban environments, and uneven roads with confidence. The robust 18" wheels are designed to provide excellent grip and stability, ensuring a smooth and secure ride on various surfaces.

Superior Suspension for a Smooth Ride

From the moment you sit down, experience the most comfortable ride whether tackling city streets or rugged terrain. With both front and rear suspension, every movement is cushioned for a softer experience. The rear suspension is also adjustable, allowing you to fine-tune the setup for your perfect level of support and comfort.

Adjustable Seating for Personalised Comfort

Find your perfect position with easy seating adjustments. The Sterling S800 by Scoozy adapts to suit your ideal posture, enhancing your overall driving experience.
