### Bradshaw Low Nursing Care Bed:

1275/LOW/LOAK/S

## Key Features:

Electrically operated profiling bed for Community and Nursing Home use.

Electrically operated variable height of 19cm to 58cm for ease of access and to assist the work of the carer, reducing client lifting and handling.

Combines quick and easy assembly, even within limited spaces.

Enables client to set a very low mattress platform of 20cm.

Infinitely variable tilt.

Four braked castors for ease of manoeuvrability and added safety.

Attractive domestic appearance with high quality covered wooden head and foot ends and full length integral wooden side rails.

Lockable handset controls all electrically operated functions.

Standard Bradshaw finish is light oak, however we now offer the bed in 6 other wood finishes. Minimum order quantities apply.

The bed breaks down into four sections; when not in use, it can be disassembled and stored on transport stands enabling safe and compact storage.

3 year warranty (1st year parts & labour, 2nd and 3rd year parts only).

Maximum user weight of up to 180kg (28st).

Transport Stand
