Bradshaw Bed Extension Kit

Bradshaw Bed Extension Kit: 1275/EX

The Bradshaw Bed Extension Kit offers the taller occupant a safer and a more comfortable experience without the loss of the bed's original features. The kit includes longer side rails.

Bradshaw Side Rail Height Extension (Pair)

Bradshaw Side Rail Height Extension : 1275/5 (Pair)

Designed to add additional height to the bed's integral side rails without limiting any of its original features.

Side Rail Pads High (Pair): 1316/PS/75/HIGH/CREAM

Elland Bradshaw Grab Handle

Elland Bradshaw Grab Handle: 1214/GRAB

Designed specifically to attach to the framework of a Bradshaw bed fitted with wooden side rails. Once fitted, this unique grab handle fits within the bed so that it does not clash with the side rails and can be used when the side rail is up or down.

The Elland Bradshaw Grab Handle will assist in the elevation of a client to a seated position and will also aid the transfer of a user to a wheelchair, commode or to a standing position.

Bradshaw Range Lifting Pole

Bradshaw Range Lifting Pole:
1275/LP

For Bradshaw Standard and Low beds. Includes a shaped pole, nylon strap and ergonomically designed moulded plastic handle.
