Elegant and practical light weight walkers

- Plastic coated aluminium tube and plastic couplings.
- A total of 12 ball bearings in the wheels and forks provide excellent driving comfort.
- Can be hosed and cleaned.
- All wear and tear parts can be replaced and brakes can be adjusted.
- Tested and approved according to EN ISO 11199-3
- TOPRO TROJA FOREARM WALKER is designed and approved to be used indoors on flat surface.

Easy to fold, requiring little space when stored

- Pull the cord on the seat and the walker folds together horizontally.
- Push the handle bars down into the side bars.
- Unique memory function that sets the handles back to the right height.
- Stands securely on its wheels when folded.
- Takes little space and is very practical to transport.
- Excellent for users who travel by car, train, bus or airplane.

Excellent brakes, kerb lifter and edge guard

- Easy to negotiate thresholds and kerbs etc.
- Safe to use.
