Standard equipment Selection (unless alternative selected)

Article number: 480A25=00000_K

- Aluminium tube frame
- Rigid axle
- Front frame layout fully configurable
- Foot plate with different angle and height setting options
- Back support folding and angle adjustable
- Aluminium side panels
- Wheel camber selectable in 3° increments
- Three different drive wheel diameters
- Knee lever wheel lock
- Push handles by choice

rigid, max. user weight 125 kg

Crash tested according to ISO 7176-19

By placing the order, you agree to comply with the instructions for use/service manuals for accessories and products of other manufacturers when combining them with an Ottobock product, in addition to the instructions for use/service manuals of the respective Ottobock products. Also you confirm to have read, understood and accepted, our general terms and conditions. In addition, you agree, upon placing an order, to conduct your own conformity assessment or approval in accordance with national requirements if and when you implement modifications or attachments that do not meet the specifications of Ottobock instructions for use/service manuals. Wheelchairs with CLT package cannot be returned or exchanged

The number codes contained in this order form are not intended to be used as article numbers for spare parts orders.
Please scan the QR code to access the spare parts catalogue for any spare parts orders.
