

**“The best high quality low cost  
evacuation chair.”**

**“Everyone has the right to safety.”**

# EMERGENCY EVACUATION CHAIRS

**The Evacuscape chairs are designed and manufactured with safety and reliability as the overriding importance,** while still being designed for easy operation and comfort.

The lightweight yet sturdy build of the Evacuscape chairs can allow them to fold to a compact size and attach onto any wall via the simple wall-bracket system. The chair also comes with a protective cover.
