

# Lightning

## Striking Performance Rear-wheel Drive

The new Lightning rear-wheel drive power chair features a high forward pivot long trail arm, a state-of-the-art design that provides dramatically improved obstacle climbing performance and a smoother ride. The Lightning also has outstanding tight space manoeuvrability, a sliding battery tray for easy access and accepts rehab seating and electronics. With its stylish, sleek design and a standard speed of up to 4 mph (6.4 km/h), the Lightning is a superior power chair for even the most active clients.
