

Scorpilus A

AUTO-FOLD | COMPACT | STYLISH

The *Invacare Scorpius A* has been specifically designed for individuals who wish to maintain an active, independent lifestyle without compromising on space. Ideal for daily use, and fully flight safe, these folding mobility scooters are also the perfect travel companion for those who wish to take their scooter abroad.

Easily folded and transportable

Compact enough to fit into the rear of a normal car the versatile *Scorpius A* is perfect for those individuals who are constantly on the move.

Scorpius A can be compactly folded in under 10 seconds with the single push of a button, or by using the remote control provided.

Compact & Lightweight

Compact when folded, the scooter can be easily placed inside a boot of any car. Weighing less than 30kg with the batteries removed, it can be effortlessly lifted when necessary. The impressively small footprint when folded means that it can be conveniently stored in small spaces.

Airline Compliant

For independence abroad, the standard 11.6Ah lithium-ion battery weighs just 2.8kgs and is IATA and MSDS compliant for overseas travel on aeroplanes*.

*It is recommended to check with your airline before travelling.

5
