

JAY Zip Back

Clinical seating, designed for kids

The JAY Zip backrest was designed through the use of anthropometric data so it is specially sized to meet a paediatric client's unique needs. It is an ultra lightweight, anti-microbial backrest that features X-static® and Aquaguard™ cover technologies as well as adjustable, one-step release hardware to accommodate a wide range of mounting locations and user requirements.

Versatile Hardware

- Easy one-step release
- Fits on a wide range of tubing: 1.9cm (0.7") with inserts; 2.2 - 2.3cm (0.8 - 0.9") with inserts or 2.5cm (1") without insert
- One tool adjustments (and the tool is provided!)

Convenient & Anti-microbial

Outer Cover

- Machine washable and quick to dry
- Silver impregnated X-static® stretch fabric naturally inhibits microbial growth
- Extra layer of microclimatic spacer fabric for comfort
- Safe non-toxic material

Inner Cover

- Easy to wipe off
- Aquaguard™ zipper resists moisture
- Anti-wicking seam thread protects foam base

One step release
