

JAY Zip Cushion

A comfortable, clinically effective cushion designed uniquely for kids.

The JAY Zip cushion was designed through the use of anthropometric data so it is specially sized to meet a paediatric client's unique needs. It is a dual layered contoured foam base that provides low/moderate skin protection and mild positioning in a comfortable, effective and convenient cushion.

Comfortable

- Dual layered contoured foam base
- 3DX™ fabric spacer in the outer cover promotes air movement
- Soft and stretchable outer cover (black as standard, also available in pink and blue)

Convenient & Antimicrobial

Outer Cover

- Machine washable and quick to dry
- Silver impregnated X-static® stretch fabric naturally inhibits microbial growth
- Extra layer of microclimatic spacer fabric for comfort
- Safe non-toxic material

Outer and inner cover

Inner Cover

- Easy to wipe off
- Aquaguard™ zipper resists moisture
- Anti-wicking seam thread protects foam base

Dual layered contoured foam base

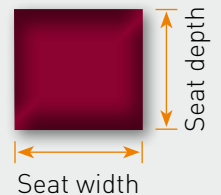

Easy washing and cleaning
