JAY COMFORT SEATING OPTIONS & ACCESSORIES

JAY COMFORT

Seat pan, with 5cm (2") threshold

Upholstered wooden seat board available with or without a 5cm (2") front and rear threshold. Ideal for supporting air filled cushions.

Standard comfort cushion

This cushion has a 12mm (1/2") beech wood base with a slightly contoured foam cushion, featuring a 2cm (3/4") seat angle designed to aid client in front transfers.

Optimum comfort cushion

The Optimum comfort cushion provides additional contouring and support for increased user positioning. A built-inommel, thigh guides and a seat well for optimum comfort and positioning.

Shallow contour backrest

Hard back, vertical strap or tension adj. straps

Anatomically shaped with a shallow contour and padded for extra comfort. Available as a solid wooden backrest, vertical strap option or with tension adjustable straps for posture management. Solid back height 50cm (20"), vertical strap back height 57cm (22").

Deep contour backrest - active

with tension adj. straps

This back features tension adjustable straps for posture management and a 10cm (4") deep contour providing integrated lateral support around the lower back, tapering away at the shoulders so as not to restrict active users. Back height 57cm (22").

Deep contour backrest - passive

with tension adj. straps

Similar to the Deep Contour active backrest, this features tension adjustable straps and a 10cm (4") deep contour continuing up the whole of the backrest, ideal for clients with restricted movement. Back height 57cm (22").

JAY Comfort: Comfort headrest

A soft velour finish for warmth and easy-clean rubber upholstery. Mounted directly off any JAY Comfort Backrests

JAY Comfort: Winged headrest

Adjustable flexible wings around the client's head for added support. Mounted directly off any JAY Comfort Backrests
