Inspired and built on sport handbike technology, this model offers excellent handling and surprising smoothness. Compact and light, it is ideal both for those who want to train and for those who want to tackle cycle paths in complete autonomy.

Medical Devices registered of the Health Ministry
TUV Certification No. 15-PEL-0010022-TIC

¹ Weight refers to device excluding battery and arms for wheelchair connection.

² Range refers to device with 36 V 14 Ah or 48 V 10,5 Ah battery on a flat route with pedal assistance (level 1) and user weight of 70 kg. Range depends on: user weight, road condition, general state of the wheelchair and tires, condition of the battery, speed and pedaling effort.

³ USB port, to recharge devices such as smartphones or tablets, is available depending on the chosen battery or display.

Triride srl reserves the right to modify the models with updates and innovations and therefore the images may differ from the final product sold.
