

# ultralight™ -telescopic

## Unlimited adjustability

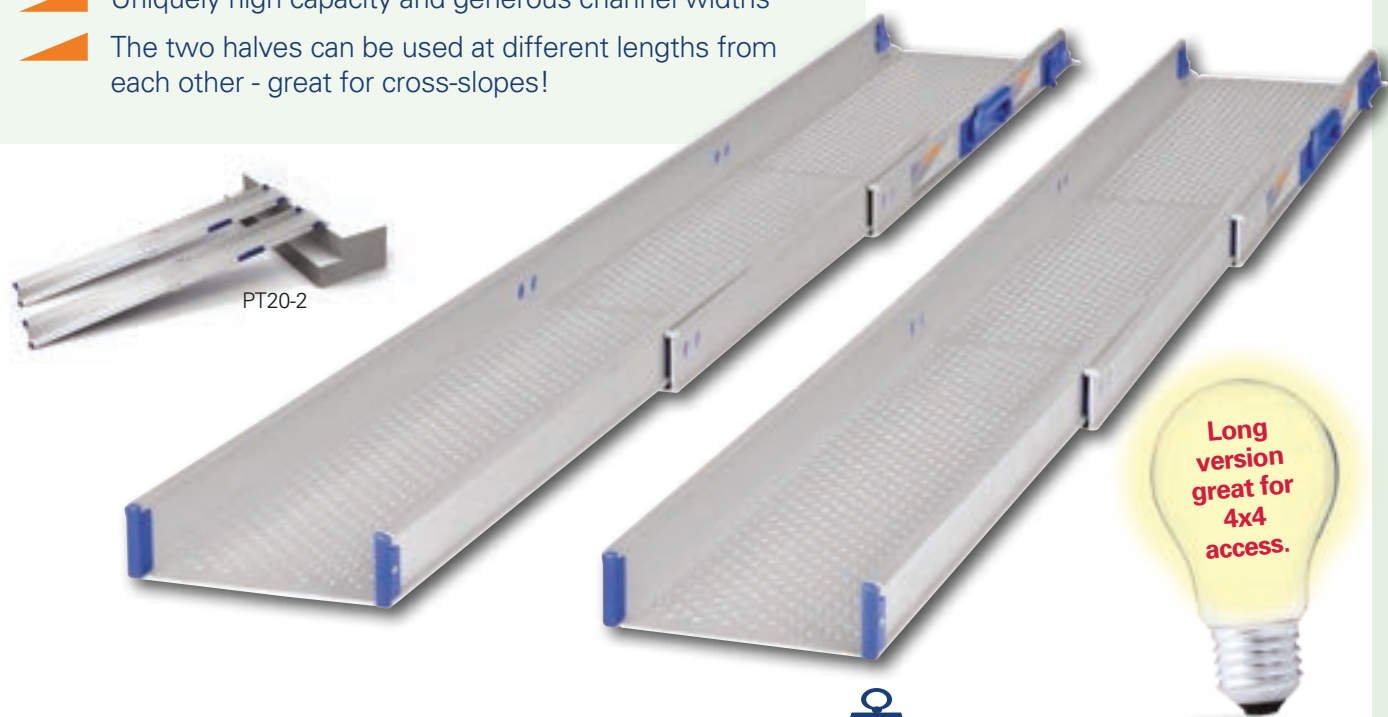

The most adjustable ramp in the range, these ramps extend up to nearly 3m, yet are extremely compact for easy storage in a vehicle. Available in 2 or 3 section versions to suit your storage requirements.

Silent telescopic mechanism with neat safety clip to prevent opening when stored

### Your benefits:

- ▶ Versatile ramps that can be used at any length, even partly extended
- ▶ Extremely compact storage
- ▶ Ideal for vehicle access
- ▶ Uniquely high capacity and generous channel widths
- ▶ The two halves can be used at different lengths from each other - great for cross-slopes!

PT20-2

### Key Product Information

For help selecting length see Ramp Guide P4&5

Code (Pair)	Length		Width (Internal Channel)	Capacity (Pair)	Weight (Each Half)	Stored Dimensions L x W x D
	Max	Min				
PT12-2	120cm (3ft 11ins)	75cm (2ft 5ins)	19cm (8ins)	400kg (63st)	3.6kg (8lbs)	75 x 24.5 x 6cm (29 x 10 x 2ins)
PT20-2	202cm (6ft 8ins)	117cm (3ft 10ins)	19cm (8ins)	300kg (47st)	5.8kg (13lbs)	117 x 24.5 x 6cm (46 x 10 x 2ins)
PT20-3	199cm (6ft 6ins)	87cm (2ft 10ins)	18cm (7ins)	300kg (47st)	6.1kg (14lbs)	87 x 24.5 x 7cm (31 x 10 x 3ins)
PT29-3	288cm (9ft 5ins)	117cm (3ft 10ins)	18cm (7ins)	250kg (39st)	8.2kg (18lbs)	117 x 24 x 7cm (46 x 10 x 3ins)
